

Curriculum Vitae

Johannes Böhm

Born 1972 in Zwettl, Austria

Head of Research Group Höhere Geodäsie (Advanced Geodesy)
Department für Geodäsie und Geoinformation (GEO), Technische Universität Wien (TU Wien)

Office address:

Gußhausstraße 27-29, E120/4
Austria, 1040 Vienna
Tel. ++43 1 58801 12864
johannes.boehm@tuwien.ac.at, <http://geo.tuwien.ac.at/>

Employment Record:

07/2012 - 06/2017 Professor for Space Geodetic Techniques at GEO, TU Wien
10/2009 - now Assistant/Associate Professor at TU Wien
01/1999 - 09/2009 Project/University Assistant at TU Wien

Education:

04/2008 Venia docendi from TU Wien (“Tropospheric delay modelling
at radio wavelengths for space geodetic techniques”)
03/2004 Dr. techn. from TU Wien (“Tropospheric path delays in VLBI”)
01/1999 Dipl.-Ing. from TU Wien (“Fundamentals of geopotential models”)

Awards and Honours:

Wiener Ingenieurpreis 2014
Guy Bomford Prize 2011 of the International Association of Geodesy (IAG)
Karl Rinner Award 2004 of the Austrian Geodetic Commission

Selected Leading Positions:

President of the Geodesy Division of the European Geosciences Union (2017-)
Vice-President of IAG Commission 1 on Reference Frames (2015-2019)
Chair of IAG Sub-Comm. 1.4: Interaction of Celestial and Terrestrial Reference Frames (2011-2015)

Selected Memberships:

Member of the Austrian Geodetic Commission and National Committee to the IUGG (since 2012)
Member of the Editorial Board of Journal of Geodesy (2007-2015)
Member of the VGOS Technical Committee of the International VLBI Service (since 2005)
Member of the IAU Working Group on the ICRF-3 (since 2012)
